

Policy for credit for injury or illness

Dues

It is CMA's policy to credit dues for time missed from swimming only when a swimmer is prevented, for a month or more, from participating in Club activities due to serious illness or injury. To be eligible for this credit, a doctor's note substantiating the inability to participate must be presented. No refunds will be given.

Entry Fees

If a swimmer has been entered in a meet, but is unable to participate due to injury or illness, no credit will be given for those fees, because CMA has already had to make payment of entry fees to the club hosting the meet.

USA Swimming Registration and Family Membership Fees

In no circumstances will credit or refund be given for USA registration or family membership fees.
