

MEET REPORT: MIT Invitational JAN 26-27, 2008

Saturday, January 26-27, 2008, CMA athletes ventured down to Cambridge, MA for an exciting, action-filled Invitational at the Massachusetts Institute of Technology. Some athletes commuted each day from their home base, but the majority of folks took advantage of the Boston culture and secured hotel accommodations. Juggling two pools at the same time, the North Shore Swim Club hosted 650 athletes in a 50-meter venue cut into 2x25 yard pools by a removable bulkhead. It was a unique and fulfilling experience for many of our newer athletes. Despite the illnesses permeating our team, CMA's outcome was quite impressive. Read below:
